A webinar with Global Affairs Canada (GAC) & Export Development Canada (EDC): Supporting international trade and export in the marine renewable energy market

Tuesday, December 6, 2016

2:00pm - 3:00pm AST

Both GAC and EDC provide invaluable services to Canadian companies looking to break into the international market, expand their international business reach, gather market intelligence, mitigate risk and much more.

**Learn how both GAC and EDC can support
Canadian marine renewable energy enterprises!**

Agenda
